Miss Wallace To Work In Pharmacy

Mary Jane Wallace, senior pharmacy major at Southwestern State University in Weatherford, Okla., is one of 21 seniors who left the campus Monday for eight weeks of Professional Practice in community and hospital pharmacies.

During this period they will be under the supervision of registered pharmacists who make up the School of Pharmacy off-campus clinical faculty and will learn at first hand all aspects of management and relations with doctors, dentists, patients and the general public.

Professional Practice, a nationally-recognized pilot program initiated at SSU in January, 1971, is now a graduation requirement for all SSU pharmacy students.

Miss Wallace will be with the School of pharmacy clinical faculty at St. Anthony Hospital in Oklahoma City, Okla.

Daughter of Mr. and Mrs. V. M. Wallace, she will receive her degree in May, 1975.

Safety Group Sets Course On OSHA Act

Austin—The Texas Safety Association will conduct the four-day Voluntary OSHA Act Compliance Course in Abilene, November 5-8.

Area employers will have the opportunity to take this free seminar on compliance to the OSHA standards from 9 a.m. to 4 p.m. daily at the Starlite Inn, 3425 South First (U. S. Highway 80 Business), Abilene.

Conducted by TSA safety professionals, the course will cover subjects such as the Occupational Safety and Health Act of 1970, Safety Programming, Evaluation, Recordkeeping-Accident Investigation, Personal Protective Equipment, Occupational Health and many others.

In addition to instruction, participants will receive

STATE CAPITAL Highlights AND Sidelights

TEXAS PRESS ASSOCIATION

AUSTIN—Previews of debate expected before the legislature next year on the key objective of revamping public school finance formulas already are being offered in Austin.

A legislative sub-committee last week was told state philosophies of education and funding methods must change if there is to be real equality in learning opportunities.

The same House interim sub-committee on public school finance heard differing opinions on whether the so-called "weighted pupil plan" will help correct inequities.

Dr. Jose Cardenas of Texans for Education Excellence and former superintendent of Edgewood School District, San Antonio, said the present Minimum Foundation Program must be scrapped and the "weighted pupil" plan substituted.

Dr. Lawrence Haskew, University of Texas at Austin education professor, conceded the "weighted pupil" approach may be a small step forward, but he said he could not see it as correcting all inequities.

The plan would place state school aid on the basis of need for various-level programs rather than on average daily attendance. Apparently, it figures in Gov. Dolph Briscoe's proposals for education assistance.

A Texas Advisory Commission on Intergovernmental Relations public finance committee, meanwhile, suggested levying school taxes on a countywide basis as a means of equalizing resources.

Draft of a 35-district survey of school property tax values for the Legislative Property Tax Committee is expected to be available next month for legislative guidance.

GASOLINE USE CUT — Texans used a little less gasoline last summer than they did in 1973 but increased natural gas consumption slightly.

A governor's energy office report indicated gasoline sales were down 1.3 per cent

decrease their use of both gas and gasoline substantially. Wharton County Junior College cut energy consumption by 29.7 per cent from December through July.

WELFARE "NOT PENALIZED"—Texas welfare programs have not been penalized regardless of a report from Washington, State Welfare Commissioner Raymond W. Vowell said.

Vowell said the state agency actually has "saved taxpayers \$1.5 million through highly-successful quality control measures." He termed "misleading" a report from Washington that welfare grants to states had

been slashed \$61.7 million in the last half of the year to crackdown on abuse.

The state official said Texas has exceeded federal Health, Education and Welfare agency guidelines, and that "fiscal sanctions established by the feds a year ago lagged years behind Texas efforts to rid its rolls of error in welfare payments."

PAROLEES AIDED — A group of Houston lawyers are aiding parolees from state prison in their adjustment to life outside penitentiary walls.

They will help find jobs, meet parole requirements and generally assist them in

finding their place in society. The project is financed by Texas Criminal Justice Council.

COURTS SPEAK—The State Supreme Court ordered a hearing November 20 on whether the Railroad Commission has power to apportion in the public interest natural gas of Lo-Vaca Gathering Company to Austin and San Antonio.

In other cases, the high court:

Held Bellaire General Hospital of Houston was responsible for the death of a patient housed in a room without oxygen.

You know, the worse inflation gets the more we need somebody like Briscoe. He's created a lot of good jobs and he knows how to get things started.

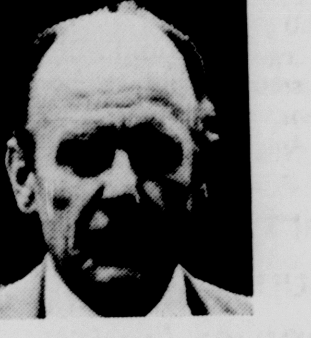

In times like these when the economy is so shaky, I'm going to stay with Governor Briscoe.

It's quite refreshing for me to know that we have a man like Dolph Briscoe... a man who puts integrity before all things....

Dolph Briscoe's proved he has the contacts and the know how to bring new business to the State of Texas. We can't afford to lose him at a critical time like this.

We need new jobs and more income in this state and Governor Briscoe is helping us get them.

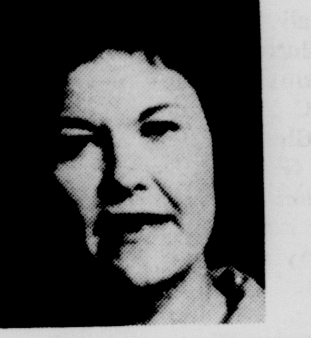

Briscoe's kept pace without adding new taxes — I voted Republican in 1972, but I'm voting for Briscoe this time.

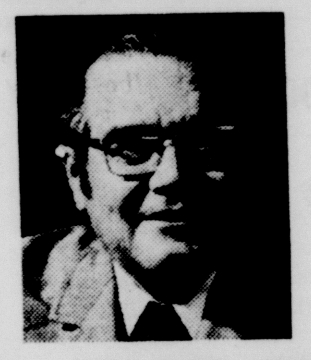

They all promised no new taxes: Dolph Briscoe kept his promise.

I think Dolph Briscoe is a Governor you can believe in. I'm looking forward to voting for him in November.

Xi Gamma Pi Meets Thurs. For Program

Xi Gamma Pi sorority met Thursday afternoon in the home of Mrs. Arlie Cassle. Refreshments were served as guests arrived.

In her presentation of the program on embroidery and needlepoint, Mrs. M. L. Smith reminded that embroidery is an ancient art, some of which has been found on mummy wrappings. Since needlepoint is very durable, it might be worth while to consider doing a pattern or subject that would be appreciated as an heirloom, she said.

"In our country," she said, "embroidery is largely done as a hobby for relaxation or creative interest while in other countries it is a means of livelihood."

Included in a display were a framed hanging of a tiger's head done in crewel embroidery, cotton balls done in needlepoint and used on a footstool, a handbag done in needlepoint, and denim shirts done in embroidery and applique. Painted embroidery was shown as another technique.

Each member was reminded to take a cake to the Jaycee Building by 5:30 p.m. Nov. 9 for the cake walk sponsored by the sorority to benefit the Day Care Center.

Others present were Mmes. Gerald Young, C. W. Griggs, Byron Swank, Howard Mehaffey, James Harrison, W. T. Johnson, John C. Bryant, Jerry Waggoner and Cecil Sellers.

The next meeting will be Nov. 14 in the home of Mrs. Johnson.

Mrs. Hopper Hosts Ruth Class Meeting

Mrs. Eddie B. Hopper was hostess for the Tuesday afternoon meeting of Ruth Sunday School Class of Central Baptist Church.

Mrs. L. H. Clark, vice president, presided. The opening prayer was given by Mrs. Hopper who also gave the Bible Quiz.

Mrs. Ben Wilcox gave the devotional on "How Great Thou Art." Mrs. C. B. Phillips gave the closing prayer.

It's that time again...

...time to start getting your home ready for the winter months ahead. By starting now and checking your home for those energy leaks, you'll stay warmer this winter and conserve energy.

Take a few minutes and check the following items to make sure your home will be winterized:

- 1 Insulation is most important... and can pay for itself in energy consumption savings. The usual recommendation is 6 inches of insulation for the attic and 4 inches for outside walls. Check FHA requirements for further information.
- 2 Weatherstrip doors and windows, and caulk cracks and crevices to prevent drafts and the loss of heated air.
- 3 Maintain heating equipment for maximum efficiency by having it checked by a competent serviceman.
- 4 Dirty filters cause heating equipment to work harder and use more fuel. Check your filters every 30 days. If they're the permanent type, clean them according to the manufacturer's directions. If they're the disposable type, replace them at least every 90 days.
- 5 Don't be a "thermostat jiggler". Turning the thermostat up or down doesn't cause the equipment to heat or cool faster. It simply works longer to satisfy the setting. The national conservation program calls for settings of no more than 68°F. in heating weather. If you are going to be away for several days, lower the temperature to 60°F.

6 Don't place curtains, furniture or other objects in front of heating registers or return air openings. This blocks the flow of warm air.

7 Open blinds and draperies on sunny days to help heat your home during the day but close them at night to help reduce heat loss.

8 Keep the fireplace damper closed when the fireplace is not in use.

9 Storm doors and windows are not customarily used in this part of the country, but they do reduce heat loss. As a temporary substitute, a sheet of clear plastic stapled or tacked over screen doors or windows works well.

10 Keep the opening and closing of doors to a minimum to reduce the loss of warm air.

FROM THE FILES . . .

FIFTY YEARS AGO (October 31, 1924)

Dr. Morgan Carter, head of the Bible Department of Abilene Christian College, will preach Sunday, Nov. 1, at 11:00 a.m. and at 7:30 p.m. Dr. Carter is a very forceful speaker and will interest you. If you fail to hear him you will miss a treat. Everybody cordially invited.

We announce with pleasure that we have secured the service of Mr. B. W. Setter, of Minneapolis in our Cleaning and Pressing Department and we assure you that if you have not been getting the right kind of work on your clothes, that a trial here will thoroughly convince you that his ability is superior to the average tailor.

Since the arrival of the new pastor, renewed interest is taken in the mid-week prayer meetings. A systematic study of the Bible is being pursued and everyone is getting some idea of how much can be learned and how interesting this mid-week study hour can be made.

G. M. Day of Brownsboro, Texas, a brother of I. F. Day, was here this week visiting and prospecting. He continued on to the Plains country to see what the great table lands look like compared to the country around Henderson.

The Methodist Church would like to know where about 30 or 40 cane bottom chairs are located. These chairs have been loaned to somebody and if any one knows of a chair branded M. E. C. on the bottom of the cane please notify A. G. Hudson.

ther in debt. Fortunately for Texans, our state constitution requires that we stay on a pay-as-you-go basis and the money must be raised before it can be spent. It is sad that our forefathers did not require this at the federal level.

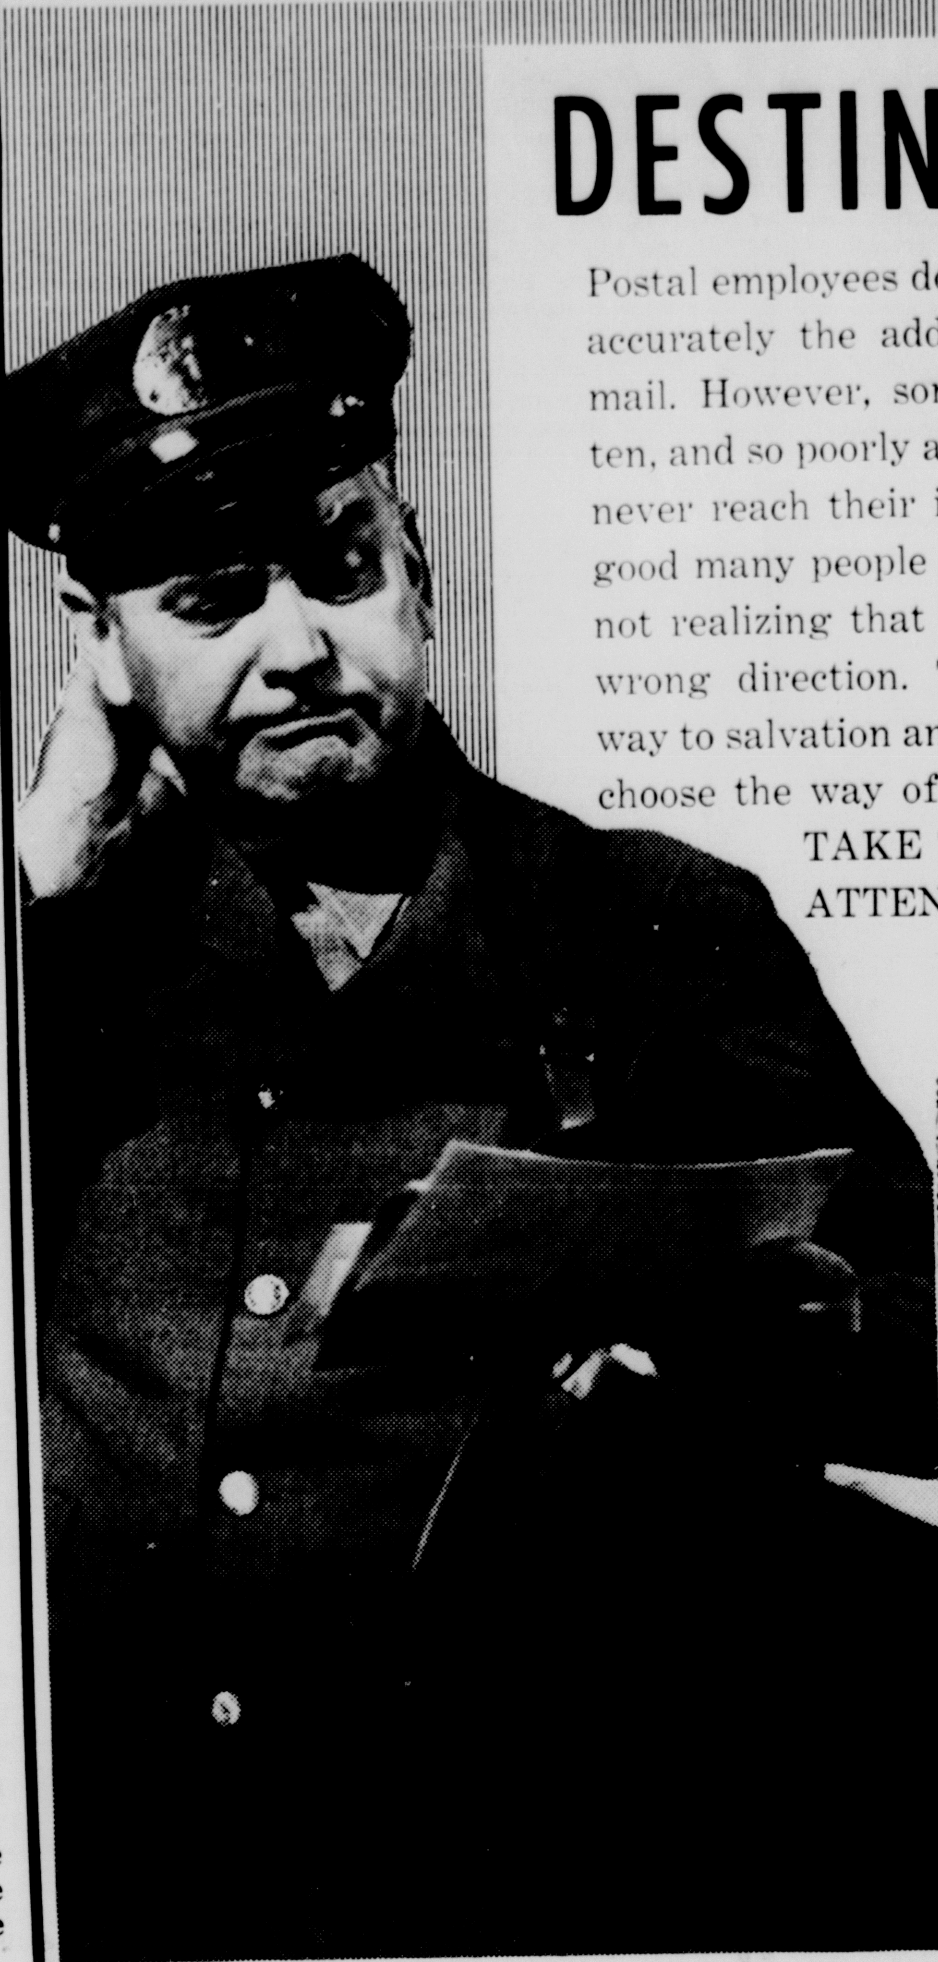

The total national debt is now at an astronomical \$495 billion, just under a half trillion. The interest costs on this debt alone amounts to nearly \$30 billion a year. This is second only to the cost of national defense. It takes more tax dollars to pay the interest on this debt than the combined spending for veterans services, revenue sharing, housing and community development, space research and environmental protection.

It costs the average family \$320 a year in taxes just to pay the interest on this debt—and you think your local taxes are high. The Federal debt has reached the point of being larger than the combined governmental debts of the rest of the world.

This country has prospered during the past 20 to 25 years but still our National debt keeps growing, in fact it has grown more during the past five years alone than in the previous 16.

If this country could not pay its own way during these years of prosperity when will it ever be able to get out of debt?

And we wonder why we are plagued with inflation!

DESTINATION?

Postal employees do their best to interpret accurately the addresses written on our mail. However, some are so hastily written, and so poorly addressed that they may never reach their intended destination. A good many people go hastily through life, not realizing that they are headed in the wrong direction. The church points the way to salvation and desires that all should choose the way of our Lord and Saviour.

TAKE TIME FOR THE LORD
ATTEND CHURCH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

And What Have You

Continued from page 1

playing this year, we might point out that the Pipers are 6-1 and the only undefeated team in conference play left in the district.

It might also be well to point out that with three games left on the schedule the current Pipers have already won as many or more games than ten of the last 14 teams won. The only teams during these 14 years to win more than six games in regular season were the teams of 1961, 1967, 1969 and 1973.

We only bring this up because we understand some of the players on this year's team are getting tired of listening to some of the fans complain.

And when the Pipers knock off Coahoma this week that will only leave two teams with better win records—1967 (8-2) and 1973 (11-1).

If we will ALL get behind the Pipers and the coaching staff we can win our third District Championship and go on to the playoffs. But the boys and the coaches need your support both on and off the field.

It seems strange to us that while the State of Texas has surplus in the state treasury, the Federal Government just keeps going fur-

Short Course On Tractor Maintenance Is Planned

A tractor maintenance short course for adult farmers will be held Dec. 16-19 under the sponsorship of the Hamlin High School Vocational Agriculture Department, according to Bob Hawes, Superintendent and Gary Finley, teacher of vocational agriculture.

The short course is being sponsored by the vocational agriculture department of Hamlin High School.

Norman K. Waggoner, tractor maintenance specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instruction. He is headquartered at Texas A&M University.

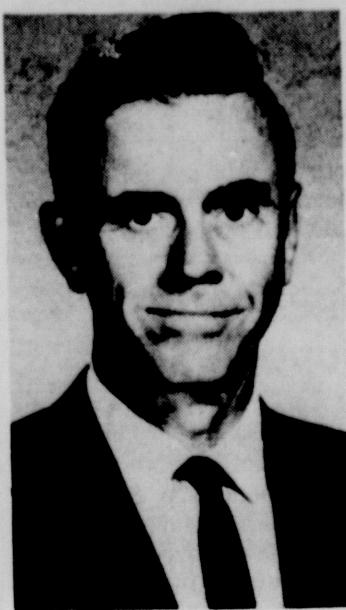

Waggoner, a native of Michigan, received his B. S. Degree in Agricultural Education from Michigan State University, in 1942 and his Master's Degree in Ag. Economics in 1948 from the same institution. He taught Vocational Agriculture in Central Michigan five and one-half years. Since 1951 he has been associated with Ford Motor Company in several capacities in the Tractor & Implement Division. For three years prior to joining the Specialist Program, he trained service and sales personnel for the Ford Motor Company at Paris, Texas.

Arrangements for the adult education short course in tractor maintenance and in other fields are made through Mr. Hawes's office.

The short course at Hamlin is scheduled to begin Dec. 16 at 7:00 p.m. in the vocational agriculture building. Other meetings in the series of four days will be held Dec. 17, 18 and 19.

During the dates the short course is in progress, Waggoner will be available to assist farmers with individual tractor problems and to provide "on-the-farm" instruction, according to Gary Finley.

Farmers interested in attending the short course should write or call the Superintendent of Schools, Hawes, or the Teacher of Vocational Agriculture, Finley. An entry fee of \$3 will be charged. Tractor Main-

tenance Short Course Certificates are to be presented to each individual who attends all the training sessions.

Waggoner states that the key to longer tractor life comes from a full knowledge of the fundamentals of an engine and the application of the proper maintenance skills involving lubrication, fuels, carburetion, air cleaners, cooling systems, valves and ignition. Waggoner will cover the proper adjustments and maintenance of the above, with emphasis on the importance of each in obtaining a longer tractor life, and improved performance. Throughout the short course, emphasis will be placed on "learning to do by doing" through the use of several demonstration tractors. All enrollees will have the opportunity to perform actual adjustments and maintenance on their own tractors. Safety and operating techniques will also be stressed.

"Short courses in tractor maintenance, as well as other subjects, are now available to farmers throughout the state under the new cooperative program between the Texas Education Agency and Texas A&M University, stated Bob Jaska, associate professor, Department of Agricultural Education at Texas A&M University who coordinates the program for Texas A&M.

"This cooperative program" states Jaska, "is designed to make the services of specialists available

FFA Chapter Hears Tips On Playgrounds

Jerry Turner of Austin presented a slide presentation on the construction of playground equipment for Child Day Care Centers at a special meeting of the Hamlin Future Farmers of America Chapter Monday evening. Turner is a Day Care and Child Development consultant.

Twenty-five members and 12 guests attended the meeting and were given ideas on the construction and planning of playground areas.

The local chapter has designated the construction of playground equipment for the Hamlin Day Care Center as the organization's community project this year. Last year the chapter built tables, chairs and other equipment for the Center as their community project.

The possibility of a Saturday workday with Turner was discussed but no decision was reached at the meeting Monday.

Walt Olivo Gives Ag Club Program Here

Hamlin Ag Club met Tuesday night with program presented by Walt Olivo, representing the Plains Co-Op Oil Mill. He showed slides of the mill and its operation at Lubbock.

Mr. Olivo discussed sunflowers and their production. The Plains Co-Op Oil Mill will purchase sunflower seeds this year at a guaranteed price of fifteen cents per pound; average dry land production is about 1,000 pounds per acre, he said.

The Mill is developing a marketing association for cotton that could start in 1975 or 1976. All Co-op joins would be allowed to join this marketing plan. A better market and higher prices would be the objective of this marketing association.

A program is being planned for the club next month to be presented by a tax lawyer or tax accountant.

to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people."

Specialists are now available in the fields of beef production, farm wiring, electric motors, farm welding, swine production, tractor maintenance, pasture, and oxyacetylene welding.

NEWS FROM

McCAULLEY

By MRS. FRED KEMP

We had eight tenths of an inch of rain last night—sounded like more which soaked the pig pens—think we should have ducks instead of pigs. The sunshine and wind we have today will dry things up a bit.

Eldon Chambers, Vocational Ag. teacher, Frank, Max and James Kemp attended a Swine sale at Wolforth last week and purchased pigs for FFA projects.

I stopped by the Bill Young home and visited with the Don Alexander family of Houston. Mrs. Alexander is the former Martha Young. Martha expressed thanks for all the services and contributions rendered the Youngs during her mother's illness. Martha stated that the weather out here might be unpredictable but the people were certainly dependable to assist when misfortune strikes. She wanted me to express her thanks to the people in McCaulley and Hamlin for all the many ways they have helped during these past weeks.

Homecoming activities were very successful. Although the Eagles were defeated by Trent, 44-31, they played good football. Registration started about 4:30 and those attending represented classes graduating during the last 25 years chiefly. An attempt will be made to have more space for the Exes to visit next year. We may have to pitch a tent. The Eagles will play Highland Friday at Highland. Trent provided entertainment at the half when their band performed. McCaulley halftime activities consisted of the crowning of Football Hero Alton Sweetheart Aletta Hawthorne, son and daughter of Mrs. Lola B. Sparks, respectively.

Mrs. John Ed Reed is in Stamford Hospital after

undergoing major surgery last week. Visiting in the Reed and the A. A. Smith home this week were Mr. and Mrs. Bobby Smith and son. Mrs. Bobby Smith is the former Prescilla Reed. She reports her mother is recuperating nicely.

Mr. and Mrs. Larry Long are the parents of a son Brett Wayne, born Sunday morning, October 27, at Hamlin Hospital.

Mrs. Beatrice Kemp has been returned to Hamlin Hospital but is doing nicely. McCaulley Baptist called the Rev. George Caffey of Abilene in a conference Sunday morning to become their pastor.

Mr. and Mrs. Larry Smart and son Jamie of Lometa were here several days visiting Mr. and Mrs. James Smart and other relatives and friends.

Two Honored With Watches

Bill Cork Sr., superintendent of the Plains Coop Oil Mill, Hamlin plant, and Mrs. Edgar (Beverly) Lewis, office manager, were honored last Wednesday evening at an awards banquet in Lubbock. Each received gold watches.

Employees who had been with Plains Cooperative Oil Mill for 10 years or more and less than 15 years were honored. The banquet was held in the board room of the Plains Cooperative office. Also honored was R. L. McClung, Lubbock office manager, formerly of Hamlin.

Mr. and Mrs. Merle Stanley Ledbetter are parents of a boy, Merle Stanley Jr., 8 lbs. 10½ oz., born Oct. 28 at 10:40 p.m.

REV. BUFORD BATTIN
... evangelist due

Nazarene Church Sets Revival Here

The Rev. Buford Battin of Lubbock, fulltime evangelist in the Church of the Nazarene, will conduct the fall revival at the Church of the Nazarene Nov. 3-10, according to the pastor, the Rev. Marshall Stewart.

Services will be held at 7:30 p.m. each evening except Sunday when the time will be 6 p.m. Sunday morning services will be at 10:45 a.m.

The music will be furnished by local talent. Each service will include congregational singing and special numbers by various singing groups.

"Everyone has a very cordial invitation to attend any or all of the services," Rev. Stewart said. "Rev. Battin," he said, "is a forceful preacher and presents a clear exposition of the Scriptures in a convincing manner."

The evangelist has had wide experience as a minister, having served as pastor in San Antonio and Dallas, in Roswell and Clovis, N. M., and Olympia, Wash. He has conducted evangelistic campaigns in many of the United States and in Canada.

Mr. and Mrs. James Ronnie Clemons are parents of a girl, Doris Michelle, 3 lbs. 13 oz., born Oct. 28 at 2:16 p.m.

SS Reports for Household Workers Due

Quarterly wage reports and social security contributions for household workers are due by Oct. 31, according to Glyn Hammons, social security district manager in Abilene.

"If you pay a household worker \$50 or more in cash wages in any three-month calendar quarter for work around your house, you must send a report of the wages and the social security contribution to the Internal Revenue Service within one month after the end of the quarter," Hammons said.

Quarters are January-February-March, April-May-June, July-August-September, and October-November-December. Wage reports and social security contributions for the third quarter of 1974 are due by Oct. 31.

The reports may be filed on a form available at any Internal Revenue Service office—"Employer's Quarterly Tax Return for Household Employees (for Social Security)."

Under the current social security contribution rate, the employer and the employee each pay 5.85 percent of covered wages. "Or the employer can pay the full 11.7 percent contribution," Ham-

mons said.

Social security contributions help build retirement, disability, survivors, and Medicare protection for 1½ million household workers, including maids, cooks, cleaning women, gardeners, handymen and babysitters.

The Abilene social security office is located at 142 South Pioneer. The telephone number is 698-1360.

GED Tests Set In Rotan

The GED Test will be given the first Saturday of every month except December and January this school year at Rotan High School by Mrs. Rudy Hamric. Test will start at 9 a.m. Mrs. Hamric said, "If you wish to take the test, please call her before the test date. If this date is inconvenient, call her for other arrangements for day or time. Her phone is 735-3370 evenings."

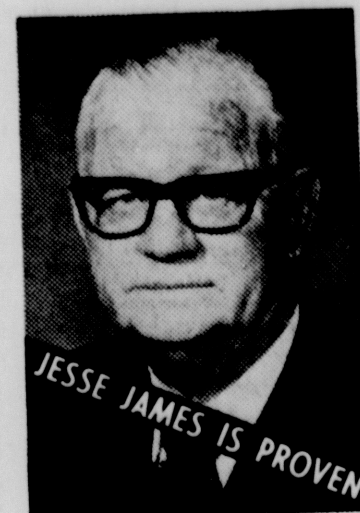

If a person passes the GED, the Texas Education Agency issues a certificate of high school equivalency. The certificate verifies that the holder has demonstrated a level of competence on the examination which is equivalent to that of a high school senior. It is not a high school diploma and the program is not an alternative to high school graduation for school-age students.

However, the certificate may be used for job qualifications, admittance to occupational training or college, and for personal reasons.

Cost for taking the five tests totals \$15.00. A person may take one, two or three tests in a day and may pay for each test on date taken.

To be eligible to take the GED, the applicant must be a resident of Texas as demonstrated by an established Texas Address (no time requirements) or to be a member of the armed forces stationed in the state; must be at least 17 years old and officially withdrawn from school for one calendar year; or at least 18 years old and officially withdrawn from school.

News deadline for advance stories is 11 a.m. Tuesday.

ELECTION CODE "WORST" — Texas election code is among those most in need of revision, Secretary of State Mark White Jr. told a legislative committee.

He strongly recommended overall recodification in a

single bill.

Aransas County Democratic Chairman Lou L. Bonner testified that out-of-date voter registration lists (containing names of dead persons and those who have moved elsewhere) are hampering the selection of juries.

Church Marks Anniversary Here Oct. 13

Bishop Stephen A. Leven, Bishop of the San Angelo Diocese, attended Celebrations at The Ranchito Church, Hamlin Sunday, Oct. 13, to commemorate the founding of the church 50 years ago.

The Sacred Heart Church, The Ranchito, is in the Round Top community between Hamlin and Rotan.

The Celebrations were organized by Rev. Fr. J. Hoorman C.P.P.S. of Rotan who celebrates Holy Mass weekly at the Church and the descendants of the three families who donated the land and contributed to the building of the original Church.

Mrs. Francisca Flores, 83-year-old wife of Yrineo Flores, one of the Flores Families who founded the Church, was crowned Queen of the Festivities.

Dario Flores, son of another founder, Juan Flores, headed the program committee.

Mike Lopez and Mrs. Tony Martinez represented the third founder, Cornelio Lopez.

Fr. Leo Diersing of Coleman was one of the celebrants of the Mass. Fr. Diersing is a former pastor of the Mission. Only a small fraction of the worshippers present were able to enter the Church.

A catered meal was served after the services at the Holy Trinity Parish Hall in Hamlin. Over 500 attended.

Festivities moved later to the Jaycee Community Building where music, song and dance continued until 11 p.m.

CELEBRATE 50TH ANNIVERSARY OF CHURCH—Mrs. Francisca Flores, center front, was crowned Queen of the Festivities at a special service Sunday commemorating the founding of the Sacred Heart Church, The Ranchito, 50 years ago. Others taking part in the program are pictured, from left, Anita Corillo, Father Leo Diersing, Bishop Stephen Leven, Domingo Flores, Father Steven White (in back) and Father John Hoorman.

Oak Grove Holds Early Service Here

"The harvest is plenteous but the labourers are few," was the theme for the early morning service Sunday at Oak Grove Baptist Church.

Highlight of the service was a special offering to be applied to the note on the church building.

Henry Bussey and Bill Cork Sr. led the devotional which opened the 7 a.m. service. Matthew Lyles gave the prayer. Taking part on the program were Beatrice Curry, Andrew Sparks, Mary E. Esco, Bill Cork, Louberta Maxwell and Gertrude Bass.

The Rev. Leo Scott, pastor, was the speaker and pronounced the benediction.

Breakfast was served in Fellowship Hall after the service.

P-TA Awards Citizenship Certificates

This year the Parent-Teachers Association is emphasizing the merits of good citizenship by recognizing those students who display the qualities that a good citizen should have.

The student's attitude toward school, respect for teachers and classmates, friendliness, and helpfulness are qualities considered by the teachers in choosing each month's citizen.

A certificate is presented and a picture will be displayed in the primary and elementary buildings. The October citizens of the month are:

Kindergarten—Cindy Carter, daughter of Mr. and Mrs. Henry F. Carter; First Grade—Susan Waldrop, daughter of Mr. and Mrs. Johnny Waldrop; Second Grade—Sara Zendejo, daughter of Mr. and Mrs. Ramon Zendejo; Third

Grade—Brian Crowley, son of Mr. and Mrs. James Crowley; Fourth Grade—Jeff Merket, son of Mr. and Mrs. Russell Merket; Fifth Grade—Teresa Gregory, daughter of Mr. and Mrs. Don Gregory.

General Election

Last year 3,100 people stayed at the beach. Permanently.

Of course they all drowned. But then, another 55,600 Americans were killed in motor vehicle accidents. And 17,600 died from falling. Fire claimed another 6,300 lives.

The figures go on and on. But maybe you get the point. Don't let us hear about you by accident.

If you don't like thinking about safety, think where you'd be without it.

Neinda Philosopher Comes Up With Another Idea To Fight Shortages

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One continues to wage war on the economic situation, in his own fashion.

Dear editor: In the on-going drive to conserve energy and fight inflation the head of a large commercial fertilizer company has suggested that people not fertilize their lawns next year and thus save an incalculable amount of tonnage for the farmers who are facing a fertilizer-shortage plus a shortage of money to pay for the high-priced stuff. Food, he suggested, should come before a pretty lawn, until we get the economic problems whipped.

This is another of those stop-gap proposals, like driving 55 miles an hour when you had to wait in line to get gas but now forgotten about unless there's a cop in the vicinity.

Even if you saved a lot of lawn fertilizer, grass will still grow when it rains and have

you ever stopped to think how much gasoline is being burned when 20 million lawnmowers across this land are all running at the same time? I estimate enough gas is used to keep lawns mowed in one summer to allow four times as many more people to drive to football games in the fall.

Thinking about this problem, I at first came up with the idea that nobody should trim his lawn any shorter than his son's hair, but I don't think lawn-lovers will go for it. You might not be able to do anything about your son, but by gum you've still got control of your lawn.

No. The answer is to hold back a few million dollars from Turkey and Greece and let them fight each other with what they've got on hand for a while- isn't the idea anyway to make-do with what you've got these days? — and turn the money over to some scientists with instructions to develop a lawn grass that won't grow any taller than two inches. It shouldn't be such a tough assignment. After all, left alone lawn

grass won't grow over a foot or two, maybe three in some instances, but it's a scientific fact it won't grow upward forever, it has a stopping point, and all the scientists have to do is lower that point to two inches and we've got the problem of wasted lawnmower gasoline licked. How you like that, Sheik?

Naturally this will deal a blow to the people who make and sell lawnmowers but they'll just have to turn to something else, maybe say coming up with an appliance that'll play out twice as fast as the ones we've got now. I believe it can be done.

Yours faithfully,
J. A.

Ray Farabee Campaigns In Hamlin

Ray Farabee, Democratic nominee for the Texas Senate, brought his campaign to Hamlin Saturday. He visited with citizens in the down town area.

Inflation and the problems of farmers and ranchers are the topics citizens most often want to talk about when they talk with Farabee on the street he reports. Farabee campaigned in 24 communities last week.

Accompanied by his Hamlin coordinator, John Scarborough, the 41 year old businessman and attorney visited the Pied Piper Mill and the Farmers Co-op Gin while in Hamlin.

A life long Democrat, Farabee is a strong advocate of common sense solutions to problem solving without over regulation by state and federal government.

"Too often our tax dollars are supporting large bureaucracies rather than reaching the citizens that need the services these dollars are intended to provide" observed Farabee. From Hamlin the candidate went to Haskell, Rotan and Knox City. On Saturday night he spoke to the Farmers Union Banquet in Crowell on Rural Development.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Next Tuesday is General Election day and unless something lights a spark we suspect that it will go mostly unnoticed. This being an off year and very few campaigns to ignite the voter interest, the voter turnout will probably be light.

And this is bad!

Not only could a light turnout cost a good candidate an election but it also will have a major effect on Texas politics in 1976, the presidential year.

Charles W. Stenholm, 30th District committeemen, recently stressed the importance of voting Democratic this year, which is an "off" year, since the number of delegates to the county conventions in 1976, and thence to the State and then the national conventions, is decided by the number of people voting for the Democratic nominee for governor, Dolph Briscoe, in the race this year.

Each 25 precinct votes will earn one county delegate, and each 300 county votes will earn one state delegate. "If you wait until 1976 to start working for a presidential candidate, you have already waited too long," he said.

Because of this we would urge your support for Gov. Dolph Briscoe for re-election, not only would a vote for Briscoe give this precinct and county more representation two years from now but probably even more importantly, it would return a good man to the state capitol. Briscoe has done a good job for Texas and we will need his leadership during the coming four years.

And at the same time we do not see any reason not to elect all of the state-wide Democratic candidates to office.

Getting closer to home we would urge your support for Ray Farabee for the State Senate. We supported him in the primary and see no reason to change this support now. He has all the qualities to make us a good senator and because he does have a strong Republican opponent he will need your support Tuesday.

For the benefit of the more rabid Piper fans who apparently are not too happy with the way their team is Continued on page 4

HALLOWEEN SCENE—This Halloween scene was prepared by Mrs. Homer Helms and her daughter-in-law, Mrs. Charles Helms, in the building on the Southwest corner of Southwest Fourth Street at South Central used by the Helms as a Swap Shop. This is the second year that the women have prepared a scene in the window during the week of Halloween.

POLLS OPEN AT 8 TUESDAY—

Light Voter Turnout Expected In Election

A light voter turnout is expected across the state in Tuesday's General Election and local election officials expect this trend to hold true locally. Being an off year, little interest is being shown in the election except in areas with local contests.

A write-in campaign for Jones County Tax Assessor-Collector may spark a little interest in Jones County and the race for State Senate may bring a few more to the polls but over all the interest is expected to be light.

Polls in Jones County will open at 8 a.m. and close at 7 p.m. Voters in Precinct One will vote at the Hamlin Public School Gymnasium and voters in Precinct 14 are expected to vote at the Jaycee Building.

Herman Reeves, currently serving as interim County Tax Assessor-Collector, is waging a write-in campaign for that office against the Democratic Party candidate Roy L. Lane. Lane was named by the Democratic

Executive Committee to be the party's candidate for the unexpired term created when Louis Johnson resigned earlier this year.

Ray Farabee, Democratic candidate, is being opposed by Mrs. Mary Kirchhoff for the State Senate, district 30.

Five parties have candidates listed on the ballot for

Haunted House To Open Here From 6:30-10

Young spooks, hobgoblins, witches and trick or treaters are invited to come to the Haunted House at Northwest Second Street at Avenue B tonight, Halloween.

The Haunted House is a project of Mary Ann and Sherri Pritchard and Robbey Cockrell, children of Mr. and Mrs. Earl Pritchard.

Admission will be 10 cents per person. Proceeds will go to aid the Hamlin Child Day Care Center.

The three enterprising youngsters started early with a project to aid the Center. The city-wide carnival will not be until Nov. 9 but Mary Ann and Sherri and Robbey found a Haunted House and will open it to the public after a few "improvements" are made. It will be open from 6:30 to 10 p.m.

The youngsters have drafted their parents' help and plan to have excitement for the old and young.

Program On Grain Futures Set Tuesday

Area wheat producers have been invited to hear a program on "Hedging Wheat In the Commodity Futures Market for the 1975 Crop" here Tuesday evening at 7 p.m. in the Hamlin City Hall conference room.

Jack Hagood, commodity specialist for Paine Webber Jackson and Curtis of Fort Worth, will conduct the meeting.

The meeting is sponsored by the F and M National Bank and Moore Elevator.

No Story Hour

There will not be a Story Hour session today (Thursday) because of Halloween, according to Mrs. John D. Ferguson Jr.

The session will resume next Thursday at 3:30 p.m.

governor. These are Dolph Briscoe, Democrat; Jim Granberry, Republican; Ramsey Muniz, Raza United Party; Sherry Smith, Socialist Workers Party; and S. W. McDonnell, American Party.

Including the candidates for governor and state senate, the Republicans have 10 candidates on the ballot, the Raza Unida Party has two candidates, the Socialist Party has six, and the American Party has one.

With the exception of Mrs. Kirchhoff, only the Democratic Party has candidates for offices below the state-wide level.

Pipers to Host Coahoma Bulldogs Friday At 7:30

Following a week off, the Pied Pipers will host the Coahoma Bulldogs here Friday night in their bid for a third District 6-AA crown. The magic number for the Pipers is two as they need at least two wins in their final three contests to return to the playoffs for the third year in a row.

The Ballinger Bearcats knocked off the Coahoma Bulldogs last week, 10-6, to move into second place behind the Pipers in the district standings. The loss moved the Bulldogs back into a tie with Anson for third place. Both teams now have a loss and a tie on their record.

In other District 6-AA action last Friday Stamford broke its losing streak by defeating the Winters Blizzards, 18-14, and Anson defeated Colorado City, 28-7. This week Anson is idle while Stamford meets Ballinger and Winters plays Colorado City.

Coach David Bonds said this week that he expects most of his team to be in good

shape following their week off. He added that we need everyone healthy to stay on the field with this big experienced Coahoma team.

Scouting reports indicate that the Bulldogs are even bigger than their program weights with their front five offensive linemen averaging over 200 pounds per man. Running behind this big front wall will be one of the best fullbacks in the area, Putt Choate, listed on the program at 200 pounds.

Leading the Bulldog offense will be Quarterback Jody Bennett, 165 pounds,

who rated as a good sprint out passer and a good running quarterback. Last year Bennett passed 19 times against the Pipers for nine completions and 145 yards. The other running back in the Bulldog offense will be Tailback Ricky Patterson, 190 pounds. At slotback will be Randy Gee, 150 pounds, who is rated as a good blocker and a fine receiver. Wide receiver for the Bulldogs will be Joe Brant, 140 pounds, who also is a good receiver and at tight end will be John Echols, 175 pounds. Tackles for the Bulldogs will be Don Kelso, 210 pounds, and Robbie Tindol, 220 pounds, and the guards will be Paul Martinez, 265 pounds, and Mike Martinez, 175 pounds. The center will be Guy James, 200 pounds.

The front five on defense for the Bulldogs average just over 200 pounds per man with Echols and Bill Jennings (210) at defensive ends, Bobby Fryar (190) and Kelso at defensive tackles and Tindol at noseguard. Linebackers for the Bulldogs will be Choate and Mike Martinez and the corners will be Oscar Padron and Bennett. The halfbacks will be Gee and Charles Tindol.

Today Is Last Day to Enter Flower Show

Mrs. Rodger Bell and Mrs. Arlie Cassle will be taking entries through today (Thursday) for the Fall Flower Show to be held by the Hamlin Garden Club in the high school cafeteria Saturday.

The show which will follow the theme of "Spirit of America" will be held from 3 to 6 p.m. The public is invited. There is no admission charge.

Mrs. R. D. Moore is show chairman. Mrs. R. L. Goodgame Jr. is club president.

Other members' responsibilities are: schedule, Mrs. John D. Ferguson Jr., Mrs. Goodgame; staging, Mrs. Ronnie Jeffrey, properties, Mrs. Larry McCoy; classification, Mrs. Joe Don Hymer; horticulture placement, Mrs. B. B. Colwell; publicity, Mrs. Robert Moore; judges, Mrs. B. H. Gardner, hospitality, Mrs. R. M. Young Sr.

Judges' clerks will be Mmes. Robert Moore, Goodgame and John Ed Day.

3 Games At Anson Tonight

The Hamlin Junior Varsity and Freshmen will travel to Anson tonight (Thursday) to play the Anson JV's with the kickoff set for 7. This game will be preceded by the seventh and eighth grade games with the first kickoff set for 5.

Last week the JV's lost to Haskell, 16-8, and the Freshmen defeated the Rotan JV's, 27-6. The eighth grade was cancelled because of weather.

Industrial Team to Attend Seminar

Industrial leaders, city and Board of Community Development officials from Hamlin will be in Austin on Monday for a one-day industrial planning seminar conducted by the Texas Industrial Commission.

There will be 10 to 15 businessmen who will attend the conference, which will be held in Room 710 of the Sam Houston State Office Building

starting at 9:00 a.m. The session will end at 4:00 p.m. The seminar will feature speakers from the Texas Industrial Commission and the Texas Department of Community Affairs.

Homer Tucker, Industrial Development Consultant of the Texas Industrial Commission, has put together an interesting and informative program and urges all

Hamlin civic and business leaders, who possibly can do so, to attend the seminar.

"Our program, highlighted by a visit to the Governor's Office before the lunch hour, will cover every phase of community and economic development," Tucker said, "and will be open for question and answer session for those attending," he added.

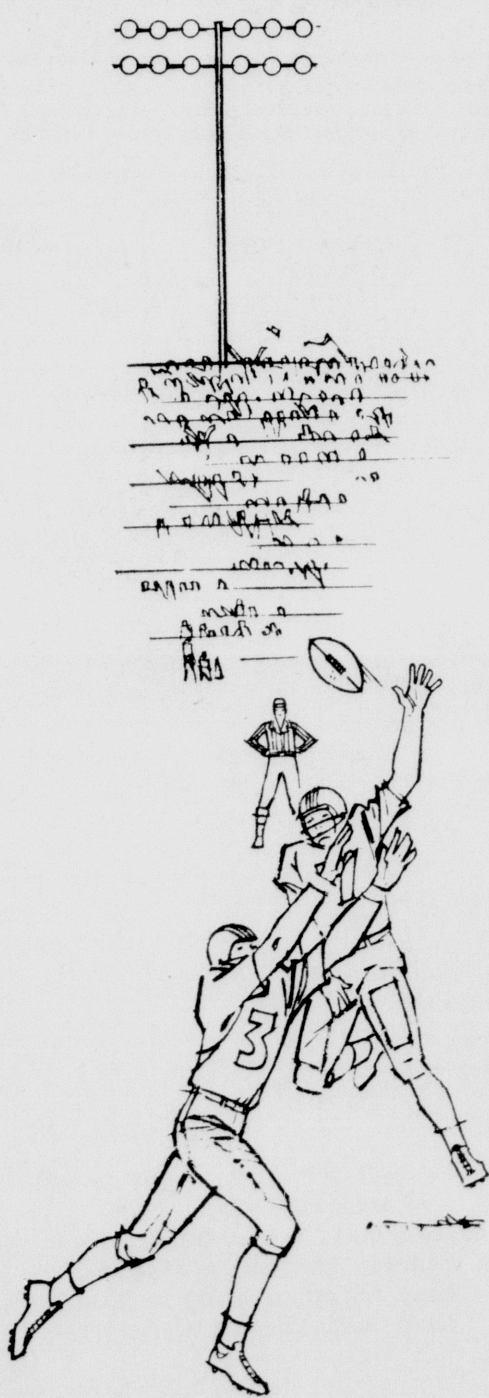

The seminar for com-

munity leaders of Hamlin is one of numerous industrial development programs held each year by the Texas Industrial Commission in its efforts to attract new and expanding industry.

Lloyd Burkhardt, chairman of the Hamlin Industrial Team, is in charge of arrangements for the Austin trip and anyone desiring to attend should contact him.

Two Attend Workshop

Two Tri-County Educators attended a five day workshop in California to study with Dr. Mary Meeker of Loyola Marymount University.

Mrs. Betty Allison and Mrs. Mona Conger were selected to participate in the workshop because they are both trained as Special Education Counselors and Educational Diagnosticians. Also, they have demonstrated a high level of competency in understanding and programing for the needs of exceptional children in their work with Tri-County.

Milk Program

The Secretary of Agriculture has announced major changes in the Special Milk Program regulations. The most significant change in the SMP provides that students who qualify under the free lunch eligibility income scale, and who have approved applications on file in the school principal's office, shall be eligible for an additional one-half pint per day of free milk.

Miss Wallace To Work In Pharmacy

Mary Jane Wallace, senior pharmacy major at Southwestern State University in Weatherford, Okla., is one of 21 seniors who left the campus Monday for eight weeks of Professional Practice in community and hospital pharmacies.

During this period they will be under the supervision of registered pharmacists who make up the School of Pharmacy off-campus clinical faculty and will learn at first hand all aspects of management and relations with doctors, dentists, patients and the general public.

Professional Practice, a nationally-recognized pilot program initiated at SSU in January, 1971, is now a graduation requirement for all SSU pharmacy students. Miss Wallace will be with the School of pharmacy clinical faculty at St. Anthony Hospital in Oklahoma City, Okla.

Daughter of Mr. and Mrs. V. M. Wallace, she will receive her degree in May, 1975.

Safety Group Sets Course On OSHA Act

Austin—The Texas Safety Association will conduct the four-day Voluntary OSHA Act Compliance Course in Abilene, November 5-8.

Area employers will have the opportunity to take this free seminar on compliance to the OSHA standards from 9 a.m. to 4 p.m. daily at the Starlite Inn, 3425 South First (U. S. Highway 80 Business), Abilene.

Conducted by TSA safety professionals, the course will cover subjects such as the Occupational Safety and Health Act of 1970, Safety Programming Evaluation, Recordkeeping-Accident Investigation, Personal Protective Equipment, Occupational Health and many others.

In addition to instruction, participants will receive

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Previews of debate expected before the legislature next year on the key objective of revamping public school finance formulas already are being offered in Austin.

A legislative sub-committee last week was told state philosophies of education and funding methods must change if there is to be real equality in learning opportunities.

The same House interim sub-committee on public school finance heard differing opinions on whether the so-called "weighted pupil plan" will help correct inequities.

Dr. Jose Cardenas of Texans for Education Excellence and former superintendent of Edgewood School District, San Antonio, said the present Minimum Foundation Program must be scrapped and the "weighted pupil" plan substituted.

Dr. Lawrence Haskew, University of Texas at Austin education professor, conceded the "weighted pupil" approach may be a small step forward, but he said he could not see it as correcting all inequities.

The plan would place state school aid on the basis of need for various-level programs rather than on average daily attendance. Apparently, it figures in Gov. Dolph Briscoe's proposals for education assistance.

A Texas Advisory Commission on Intergovernmental Relations public finance committee, meanwhile, suggested levying school taxes on a countywide basis as a means of equalizing resources.

Draft of a 35-district survey of school property tax values for the Legislative Property Tax Committee is expected to be available next month for legislative guidance.

GASOLINE USE CUT — Texans used a little less gasoline last summer than they did in 1973 but increased natural gas consumption slightly.

A governor's energy office report indicated gasoline sales were down 1.3 per cent

in July, but natural gas use was up 2.9 per cent. The report concluded the gas consumption rise was due to hotter weather in June-July 1974.

State agencies managed to

You know, the worse inflation gets the more we need somebody like Briscoe. He's created a lot of good jobs and he knows how to get things started.

We need new jobs and more income in this state and Governor Briscoe is helping us get them.

In times like these when the economy is so shaky, I'm going to stay with Governor Briscoe.

Briscoe's kept pace without adding new taxes—I voted Republican in 1972, but I'm voting for Briscoe this time.

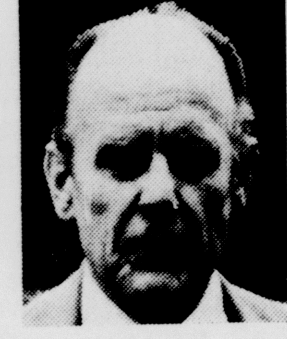

It's quite refreshing for me to know that we have a man like Dolph Briscoe... a man who puts integrity before all things....

They all promised no new taxes: Dolph Briscoe kept his promise.

Dolph Briscoe's proved he has the contacts and the know how to bring new business to the State of Texas. We can't afford to lose him at a critical time like this.

I think Dolph Briscoe is a Governor you can believe in. I'm looking forward to voting for him in November.

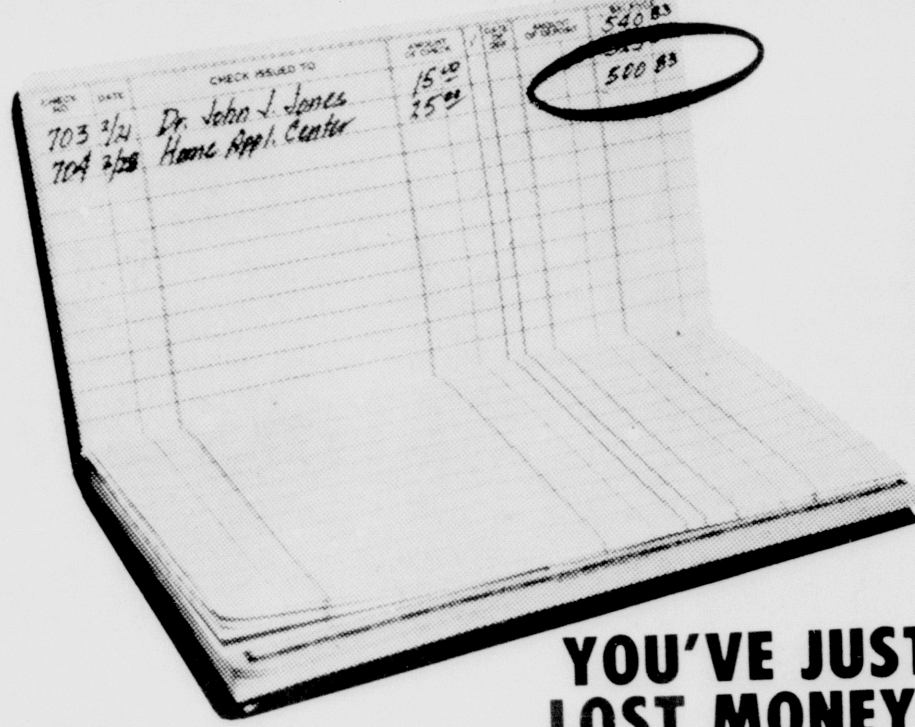

RE-ELECT GOVERNOR BRISCOE

HE KEPT THE PROMISE

Two Attend State LVN Convention

Attending the 25th annual convention of Licensed Vocational Nurses of Texas Oct. 22-25 in San Antonio were President Annette Stuart and President-elect Leona Teichelman, both of the Div. 73 LVNA of Hamlin.

Div. 73 received an award for contributions to the proposed LVNA home. "New Horizons in Mental Health and Mental Retardation" was the theme for workshops during the convention. Speakers were members and doctors from the Bexar County MH&MR centers.

To Meet Monday

Licensed Vocational Nurses Association, Div. 73, will meet at 7 p.m. Monday in the hospital classroom.

Jackie Maddox, RN, will install officers. All members are urged to attend.

Hostesses will be Toad Brown, Leona Teichelman and Annette Stuart.

Party to Honor Couple On Anniversary

The children of Mr. and Mrs. Glen L. Williams will host a 35th Anniversary party for them Sunday at 221 N. Central from 2:30 to 5:00 p.m.

All of their friends are cordially invited.

Children of Mr. and Mrs. Williams include Mr. and Mrs. C. M. Broadus, Miami; Ray Glen Williams, Mr. and Mrs. Gary Williams, all of Abilene; Mr. and Mrs. Bobby Hunt, Borger; Mr. and Mrs. Johnny Hilliard and Mr. Howard Williams, all of Hamlin.

Public Invited To Literary Club Program

The Friday afternoon meeting of Woman's Literary Club will be a program on safety and is open to the public. The meeting will be in the Fellowship Hall of First United Methodist Church.

"Lady Beware," a film which illustrates ways of self protection for women, will be presented by St. Jarrell H. Finch of the Abilene Police Department. A question and answer session will follow.

All women are invited to attend.

Dinner Sunday to Honor Frosts On Anniversary

The children of Mr. and Mrs. E. W. Frost will honor their parents Sunday with a dinner to celebrate the 60th anniversary of their marriage. The dinner for family members will be held at the couple's home.

The children who will be here for the event are John Frost of the home, Mrs. R. D. (Vivian) Holder of Cupertino, Calif., Jack Frost of Georgetown, Mrs. W. D. (Opal) Rankin of Abilene and

Dale Frost of Richardson. Another daughter, Mrs. Richard (Wilma) Dill, lives in Lolo, Mont.

Emery Frost was born Aug. 19, 1893, in Temple, son of the late Mr. and Mrs. William Frost. He moved to Sunset with his parents when a young child.

Mrs. Frost, the former Camilla Neece was born Sept. 7, 1898, in Sunset, daughter of the late Mr. and Mrs. A. C. Neece.

The couple met in March, 1914, at a party at the home of friends. They were married Nov. 1, 1914, in a buggy in front of Mr. Frost's home.

They lived in Sunset for 18 years and Rotan for 14 years before moving to Hamlin. He worked for the MKT Railroad in Rotan and was transferred here 28 years ago. He retired in 1957. He was also a farmer.

The couple has 17 grandchildren and 18 great-grandchildren.

Xi Gamma Pi Meets Thurs. For Program

Xi Gamma Pi sorority met Thursday afternoon in the home of Mrs. Arlie Cassle. Refreshments were served as guests arrived.

In her presentation of the program on embroidery and needlepoint, Mrs. M. L. Smith reminded that embroidery is an ancient art, some of which has been found on mummy wrappings. Since needlepoint is very durable, it might be worth while to consider doing a pattern or subject that would be appreciated as an heirloom, she said.

"In our country," she said, "embroidery is largely done as a hobby for relaxation or creative interest while in other countries it is a means of livelihood."

Included in a display were a framed hanging of a tiger's head done in crewel embroidery, cotton balls done in needlepoint and used on a footstool, a handbag done in needlepoint, and denim shirts done in embroidery and applique. Painted embroidery was shown as another technique.

Each member was reminded to take a cake to the Jaycee Building by 5:30 p.m. Nov. 9 for the cake walk sponsored by the sorority to benefit the Day Care Center.

Others present were Mmes. Gerald Young, C. W. Griggs, Byron Swank, Howard Mehaffey, James Harrison, W. T. Johnson, John C. Bryant, Jerry Waggoner and Cecil Sellers.

The next meeting will be Nov. 14 in the home of Mrs. Johnson.

Mrs. Hopper Hosts Ruth Class Meeting

Mrs. Eddie B. Hopper was hostess for the Tuesday afternoon meeting of Ruth Sunday School Class of Central Baptist Church.

Mrs. L. H. Clark, vice president, presided. The opening prayer was given by Mrs. Hopper who also gave the Bible Quiz.

Mrs. Ben Wilcox gave the devotional on "How Great Thou Art." Mrs. C. B. Phillips gave the closing prayer.

Literary Club Marks Texas Day Friday

Texas Day was observed at the Oct. 18 meeting of Women's Literary Club in the home of Mrs. Fred Smith.

Mrs. J. A. George directed a program on Texas' Brags. Mrs. Clinton Barrow presented information on Astroworld, Mrs. L. H. McBride, Six Flags, and Mrs. Ira Parker, Palo Duro.

It's that time again...

...time to start getting your home ready for the winter months ahead. By starting now and checking your home for those energy leaks, you'll stay warmer this winter and conserve energy.

Take a few minutes and check the following items to make sure your home will be winterized:

- 1 Insulation is most important... and can pay for itself in energy consumption savings. The usual recommendation is 6 inches of insulation for the attic and 4 inches for outside walls. Check FHA requirements for further information.
- 2 Weatherstrip doors and windows, and caulk cracks and crevices to prevent drafts and the loss of heated air.
- 3 Maintain heating equipment for maximum efficiency by having it checked by a competent serviceman.
- 4 Dirty filters cause heating equipment to work harder and use more fuel. Check your filters every 30 days. If they're the permanent type, clean them according to the manufacturer's directions. If they're the disposable type, replace them at least every 90 days.
- 5 Don't be a "thermostat jiggler". Turning the thermostat up or down doesn't cause the equipment to heat or cool faster. It simply works longer to satisfy the setting. The national conservation program calls for settings of no more than 68°F. in heating weather. If you are going to be away for several days, lower the temperature to 60°F.

- 6 Don't place curtains, furniture or other objects in front of heating registers or return air openings. This blocks the flow of warm air.
- 7 Open blinds and draperies on sunny days to help heat your home during the day but close them at night to help reduce heat loss.
- 8 Keep the fireplace damper closed when the fireplace is not in use.
- 9 Storm doors and windows are not customarily used in this part of the country, but they do reduce heat loss. As a temporary substitute, a sheet of clear plastic stapled or tacked over screen doors or windows works well.
- 10 Keep the opening and closing of doors to a minimum to reduce the loss of warm air.

FROM THE FILES . . .

FIFTY YEARS AGO
(October 31, 1924)

Dr. Morgan Carter, head of the Bible Department of Abilene Christian College, will preach Sunday, Nov. 1, at 11:00 a.m. and at 7:30 p.m. Dr. Carter is a very forceful speaker and will interest you. If you fail to hear him you will miss a treat. Everybody cordially invited.

We announce with pleasure that we have secured the service of Mr. B. W. Setter, of Minneapolis in our Cleaning and Pressing Department and we assure you that if you have not been getting the right kind of work on your clothes, that a trial here will thoroughly convince you that his ability is superior to the average tailor.

Since the arrival of the new pastor, renewed interest is taken in the mid-week prayer meetings. A systematic study of the Bible is being pursued and everyone is getting some idea of how much can be learned and how interesting this mid-week study hour can be made.

G. M. Day of Brownsboro, Texas, a brother of I. F. Day, was here this week visiting and prospecting. He continued on to the Plains country to see what the great table lands look like compared to the country around Henderson.

The Methodist Church would like to know where about 30 or 40 cane bottom chairs are located. These chairs have been loaned to somebody and if any one knows of a chair branded M. E. C. on the bottom of the cane please notify A. G. Hudson.

TWENTY YEARS AGO
(October 29, 1954)

Evangelistic party of D. D. Mackey of Bethany, Oklahoma, has been engaged as workers for a revival campaign scheduled to start at the Hamlin Church of the Nazarene Nov. 17 and continue through Nov. 28, it was announced this week by Rev. William C. Emberton.

A two-week revival meeting at the Foursquare Gospel Church will begin Sunday morning, it was announced this week by leaders of the congregation. Rev. Vernon Robinson will do the preaching for the series of service.

B. V. Newberry, principal of Hamlin High School, was in Galveston over the week-end to attend the annual convention of the Texas School Secretaries and Principals Association.

Faith Methodist Church wishes to express publicly its appreciation to friends in Hamlin for the many and

generous gifts received toward the erection of better church facilities, declared Rev. Orion Lewis, pastor, this week.

Hamlin section which long has suffered for a drink of real rain, was encouraged first of the week by several flurries of showers but up to press time of the Herald less than half an inch of the moisture had fallen in the immediate territory.

Official announcement of two candidates for the 24th Senatorial District place in the Texas Senate were received late Wednesday by the Herald, although rumors had going the rounds for several days that both the announced candidates would run.

Oil interest was in the spotlight in three directions from Hamlin this week, but drilling operations remained at a slow pace which was hit several weeks ago.

TEN YEARS AGO
(October 29, 1964)

Cotton being ginned at the two area gins is nearing the 1000 mark as 980 bales had been processed by Tuesday. The cotton is coming in slowly but the managers of the Hamlin Farmers Co-op Gin of Neinda expect a big increase in the flow after a killing frost.

Phylis Scarborough, a McMurry student from Hamlin, was elected first vice president of the Baptist Student Union at McMurry.

Mac's Food Market is having a grand opening celebration here this weekend according to the manager, Paul Russell.

One of the first suits filed under the state's new escheat law in Jones County was decided in 104th District Court last week and judgment was rendered for the state.

The Hamlin eighth grade boys, the Mighty Mice, were defeated by the Albany Cubs Tuesday evening here 22-0.

Rev. Jerry Lynn McDaniel accepted the pastorate of Calvary Baptist Church Sunday. He and his family moved here Thursday and are making their home at 537 N. W. Ave. H. Rev. and Mrs. McDaniel have a daughter, Shari, 5 months.

Duplicate Bridge Club winners Tuesday evening were: Mr. and Mrs. Henry Albritton, first; Mrs. Harvey Elkins, Mrs. Starr Inzer, second; Mrs. Floyd Briscoe, Mrs. Preston Morrow of Rotan, third.

The formal opening of the Frontier Stamp Gift Center will be held Friday and Saturday from 10 a.m. to 5 p.m. Fifty free Frontier stamps will be given to adults who visit the new redemption center.

ther in debt. Fortunately for Texans, our state constitution requires that we stay on a pay-as-you-go basis and the money must be raised before it can be spent. It is sad that our forefathers did not require this at the federal level.

The total national debt is now at an astronomical \$495 billion, just under a half trillion. The interest costs on this debt alone amounts to nearly \$30 billion a year. This is second only to the cost of national defense. It takes more tax dollars to pay the interest on this debt than the combined spending for veterans services, revenue sharing, housing and community development, space research and environmental protection.

It costs the average family \$320 a year in taxes just to pay the interest on this debt—and you think your local taxes are high. The Federal debt has reached the point of being larger than the combined governmental debts of the rest of the world.

This country has prospered during the past 20 to 25 years but still our National debt keeps growing, in fact it has grown more during the past five years alone than in the previous 16.

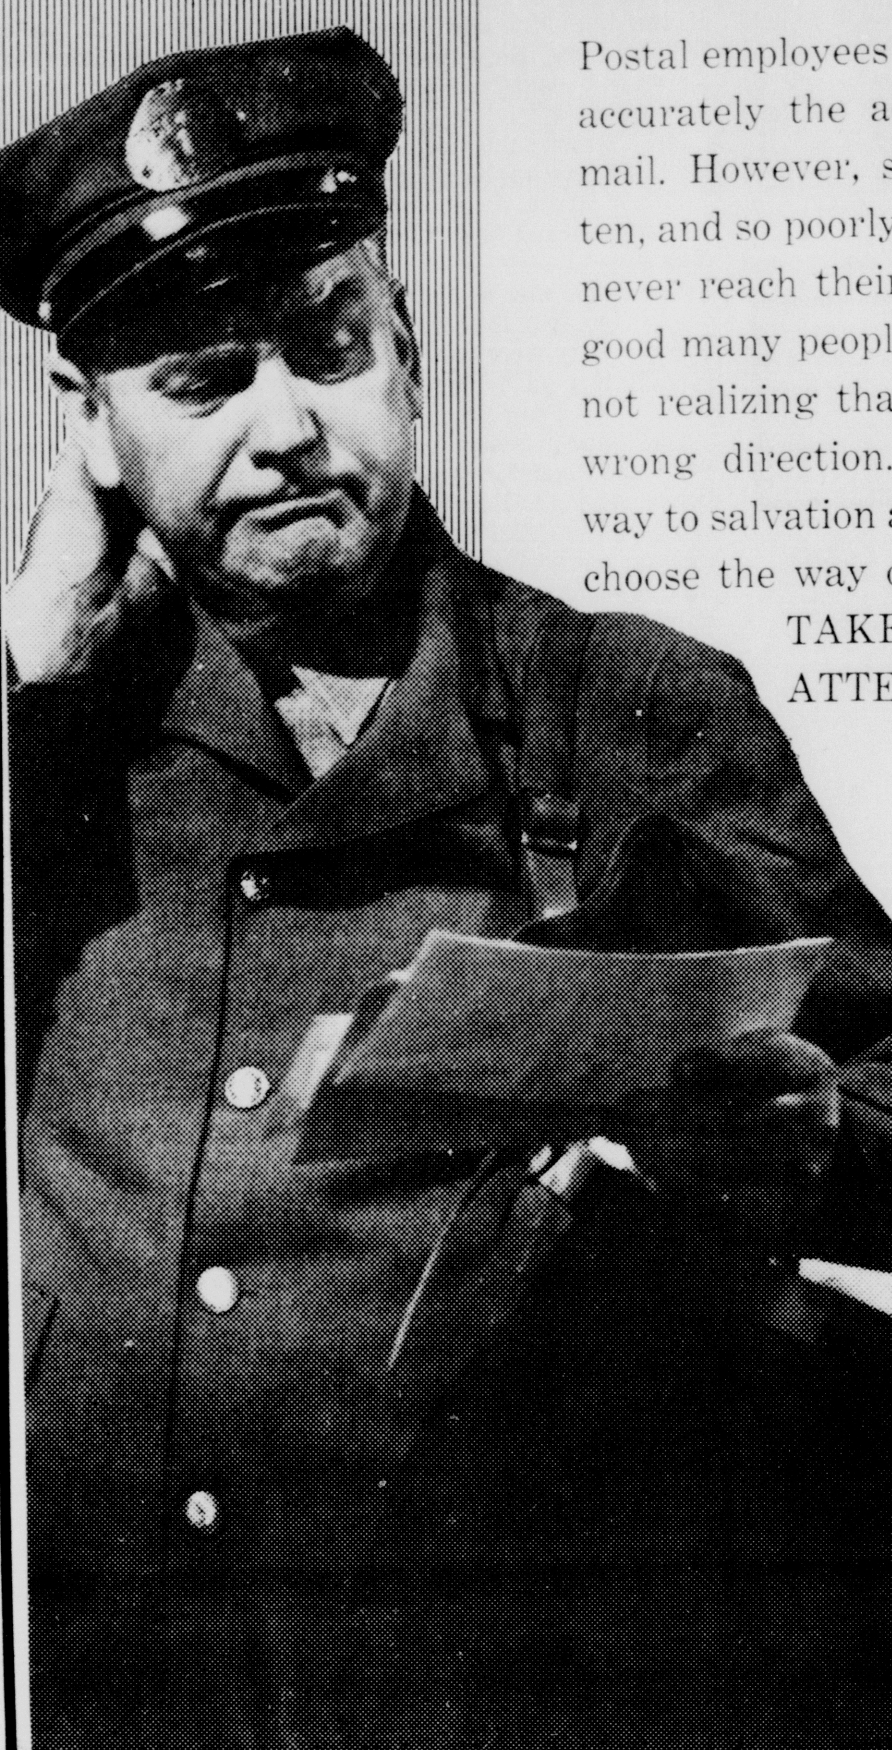

If this country could not pay its own way during these years of prosperity when will it ever be able to get out of debt?

And we wonder why we are plagued with inflation!

DESTINATION?

Postal employees do their best to interpret accurately the addresses written on our mail. However, some are so hastily written, and so poorly addressed that they may never reach their intended destination. A good many people go hastily through life, not realizing that they are headed in the wrong direction. The church points the way to salvation and desires that all should choose the way of our Lord and Saviour.

TAKE TIME FOR THE LORD
ATTEND CHURCH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

playing this year, we might point out that the Pipers are 6-1 and the only undefeated team in conference play left in the district.

It might also be well to point out that with three games left on the schedule the current Pipers have already won as many or more games than ten of the last 14 teams won. The only teams during these 14 years to win more than six games in regular season were the teams of 1961, 1967, 1969 and 1973.

We only bring this up because we understand some of the players on this year's team are getting tired of listening to some of the fans complain.

And when the Pipers knock off Coahoma this week that will only leave two teams with better win records—1967 (8-2) and 1973 (11-1).

If we will ALL get behind the Pipers and the coaching staff we can win our third District Championship and go on to the playoffs. But the boys and the coaches need your support both on and off the field.

It seems strange to us that while the State of Texas has surplus in the state treasury, the Federal Government just keeps going fur-

Short Course On Tractor Maintenance Is Planned

A tractor maintenance short course for adult farmers will be held Dec. 16-19 under the sponsorship of the Hamlin High School Vocational Agriculture Department, according to Bob Hawes, Superintendent and Gary Finley, teacher of vocational agriculture.

The short course is being sponsored by the vocational agriculture department of Hamlin High School.

Norman K. Waggoner, tractor maintenance specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instruction. He is headquartered at Texas A&M University.

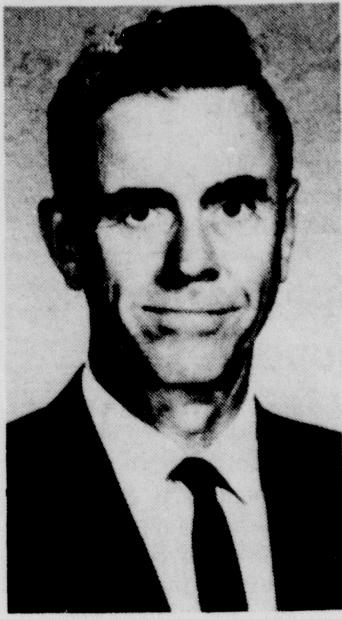

Waggoner, a native of Michigan, received his B. S. Degree in Agricultural Education from Michigan State University, in 1942 and his Master's Degree in Ag. Economics in 1948 from the same institution. He taught Vocational Agriculture in Central Michigan five and one-half years. Since 1951 he has been associated with Ford Motor Company in several capacities in the Tractor & Implement Division. For three years prior to joining the Specialist Program, he trained service and sales personnel for the Ford Motor Company at Paris, Texas.

Arrangements for the adult education short course in tractor maintenance and in other fields are made through Mr. Hawes's office.

The short course at Hamlin is scheduled to begin Dec. 16 at 7:00 p.m. in the vocational agriculture building. Other meetings in the series of four days will be held Dec. 17, 18 and 19.

During the dates the short course is in progress, Waggoner will be available to assist farmers with individual tractor problems and to provide "on-the-farm" instruction, according to Gary Finley.

Farmers interested in attending the short course should write or call the Superintendent of Schools, Hawes, or the Teacher of Vocational Agriculture, Finley. An entry fee of \$3 will be charged. Tractor Main-

tenance Short Course Certificates are to be presented to each individual who attends all the training sessions.

Waggoner states that the key to longer tractor life comes from a full knowledge of the fundamentals of an engine and the application of the proper maintenance skills involving lubrication, fuels, carburetion, air cleaners, cooling systems, valves and ignition. Waggoner will cover the proper adjustments and maintenance of the above, with emphasis on the importance of each in obtaining a longer tractor life, and improved performance.

Throughout the short course, emphasis will be placed on "learning to do by doing" through the use of several demonstration tractors. All enrollees will have the opportunity to perform actual adjustments and maintenance on their own tractors. Safety and operating techniques will also be stressed.

"Short courses in tractor maintenance, as well as other subjects, are now available to farmers throughout the state under the new cooperative program between the Texas Education Agency and Texas A&M University, stated Bob Jaska, associate professor, Department of Agricultural Education at Texas A&M University who coordinates the program for Texas A&M.

"This cooperative program" states Jaska, "is designed to make the services of specialists available

FFA Chapter Hears Tips On Playgrounds

Jerry Turner of Austin presented a slide presentation on the construction of playground equipment for Child Day Care Centers at a special meeting of the Hamlin Future Farmers of America Chapter Monday evening. Turner is a Day Care and Child Development consultant.

Twenty-five members and 12 guests attended the meeting and were given ideas on the construction and planning of playground areas.

The local chapter has designated the construction of playground equipment for the Hamlin Day Care Center as the organization's community project this year. Last year the chapter built tables, chairs and other equipment for the Center as their community project.

The possibility of a Saturday workday with Turner was discussed but no decision was reached at the meeting Monday.

Walt Olivo Gives Ag Club Program Here

Hamlin Ag Club met Tuesday night with program presented by Walt Olivo, representing the Plains Co-Op Oil Mill. He showed slides of the mill and its operation at Lubbock.

Mr. Olivo discussed sunflowers and their production. The Plains Co-Op Oil Mill will purchase sunflower seeds this year at a guaranteed price of fifteen cents per pound; average dry land production is about 1,000 pounds per acre, he said.

The Mill is developing a marketing association for cotton that could start in 1975 or 1976. All Co-op gins would be allowed to join this marketing plan. A better market and higher prices would be the objective of this marketing association.

A program is being planned for the club next month to be presented by a tax lawyer or tax accountant.

to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people."

Specialists are now available in the fields of beef production, farm wiring, electric motors, farm welding, swine production, tractor maintenance, pasture, and oxyacetylene welding.

NEWS FROM

McCAULLEY

By MRS. FRED KEMP

We had eight tenths of an inch of rain last night—sounded like more which soaked the pig pens—think we should have ducks instead of pigs. The sunshine and wind we have today will dry things up a bit.

Eldon Chambers, Vocational Ag. teacher, Frank, Max and James Kemp attended a Swine sale at Wolfthorpe last week and purchased pigs for FFA projects.

I stopped by the Bill Young home and visited with the Don Alexander family of Houston. Mrs. Alexander is the former Martha Young. Martha expressed thanks for all the services and contributions rendered the Youngs during her mother's illness. Martha stated that the weather out here might be unpredictable but the people were certainly dependable to assist when misfortune strikes. She wanted me to express her thanks to the people in McCauley and Hamlin for all the many ways they have helped during these past weeks.

Homecoming activities were very successful. Although the Eagles were defeated by Trent, 44-31, they played good football. Registration started about 4:30 and those attending represented classes graduating during the last 25 years chiefly. An attempt will be made to have more space for the Exes to visit next year. We may have to pitch a tent. The Eagles will play Highland Friday at Highland. Trent provided entertainment at the half when their band performed. McCauley halftime activities consisted of the crowning of Football Hero Alton Hawthorne and Football Sweetheart Aletta Hawthorne, son and daughter of Mrs. Lola B. Sparks, respectively.

Mrs. John Ed Reed is in Stamford Hospital after

undergoing major surgery last week. Visiting in the Reed and the A. A. Smith home this week were Mr. and Mrs. Bobby Smith and son. Mrs. Bobby Smith is the former Prescilla Reed. She reports her mother is recuperating nicely.

Mr. and Mrs. Larry Long are the parents of a son Brett Wayne, born Sunday morning, October 27, at Hamlin Hospital.

Mrs. Beatrice Kemp has been returned to Hamlin Hospital but is doing nicely. McCauley Baptist called the Rev. George Caffey of Abilene in a conference Sunday morning to become their pastor.

Mr. and Mrs. Larry Smart and son Jamie of Lometa were here several days visiting Mr. and Mrs. James Smart and other relatives and friends.

Two Honored With Watches

Bill Cork Sr., superintendent of the Plains Coop Oil Mill, Hamlin plant, and Mrs. Edgar (Beverly) Lewis, office manager, were honored last Wednesday evening at an awards banquet in Lubbock. Each received gold watches.

Employees who had been with Plains Cooperative Oil Mill for 10 years or more and less than 15 years were honored. The banquet was held in the board room of the Plains Cooperative office. Also honored was R. L. McClung, Lubbock office manager, formerly of Hamlin.

Mr. and Mrs. Merle Stanley Ledbetter are parents of a boy, Merle Stanley Jr., 8 lbs. 10½ oz., born Oct. 28 at 10:40 p.m.

REV. BUFORD BATTIN
... evangelist due

Nazarene Church Sets Revival Here

The Rev. Buford Battin of Lubbock, fulltime evangelist in the Church of the Nazarene, will conduct the fall revival at the Church of the Nazarene Nov. 3-10, according to the pastor, the Rev. Marshall Stewart.

Services will be held at 7:30 p.m. each evening except Sunday when the time will be 6 p.m. Sunday morning services will be at 10:45 a.m.

The music will be furnished by local talent. Each service will include congregational singing and special numbers by various singing groups.

"Everyone has a very cordial invitation to attend any or all of the services," Rev. Stewart said. "Rev. Battin," he said, "is a forceful preacher and presents a clear exposition of the Scriptures in a convincing manner."

The evangelist has had wide experience as a minister, having served as pastor in San Antonio and Dallas, in Roswell and Clovis, N. M., and Olympia, Wash. He has conducted evangelistic campaigns in many of the United States and in Canada.

Mr. and Mrs. James Ronnie Clemons are parents of a girl, Doris Michelle, 3 lbs. 13 oz., born Oct. 28 at 2:16 p.m.

SS Reports for Household Workers Due

Quarterly wage reports and social security contributions for household workers are due by Oct. 31, according to Glyn Hammons, social security district manager in Abilene.

"If you pay a household worker \$50 or more in cash wages in any three-month calendar quarter for work around your house, you must send a report of the wages and the social security contribution to the Internal Revenue Service within one month after the end of the quarter," Hammons said.

Quarters are January-February-March, April-May-June, July-August-September, and October-November-December. Wage reports and social security contributions for the third quarter of 1974 are due by Oct. 31.

The reports may be filed on a form available at any Internal Revenue Service office—"Employer's Quarterly Tax Return for Household Employees (for Social Security)."

Under the current social security contribution rate, the employer and the employee each pay 5.85 percent of covered wages. "Or the employer can pay the full 11.7 percent contribution," Ham-

mons said.

Social security contributions help build retirement, disability, survivors, and Medicare protection for 1½ million household workers, including maids, cooks, cleaning women, gardeners, handymen and babysitters.

The Abilene social security office is located at 142 South Pioneer. The telephone number is 698-1360.

GED Tests Set In Rotan

The GED Test will be given the first Saturday of every month except December and January this school year at Rotan High School by Mrs. Rudy Hamric. Test will start at 9 a.m. Mrs. Hamric said, "If you wish to take the test, please call her before the test date. If this date is inconvenient, call her for other arrangements for day or time. Her phone is 735-3370 evenings."

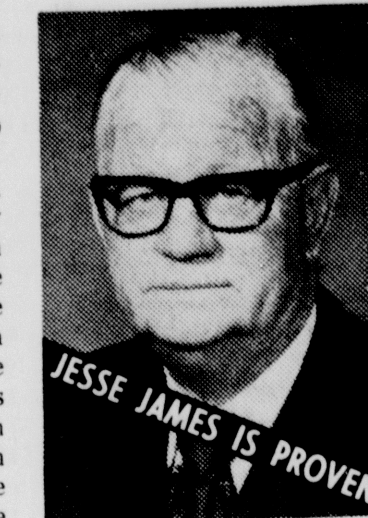

If a person passes the GED, the Texas Education Agency issues a certificate of high school equivalency. The certificate verifies that the holder has demonstrated a level of competence on the examination which is equivalent to that of a high school senior. It is not a high school diploma and the program is not an alternative to high school graduation for school-age students.

However, the certificate may be used for job qualifications, admittance to occupational training or college, and for personal reasons.

Cost for taking the five tests totals \$15.00. A person may take one, two or three tests in a day and may pay for each test on date taken.

To be eligible to take the GED, the applicant must be a resident of Texas as demonstrated by an established Texas Address (no time requirements) or to be a member of the armed forces stationed in the state; must be at least 17 years old and officially withdrawn from school for one calendar year; or at least 18 years old and officially withdrawn from school.

News deadline for advance stories is 11 a.m. Tuesday.

JESSE JAMES
STATE TREASURER

ELECTION CODE "WORST" — Texas election code is among those most in need of revision, Secretary of State Mark White Jr. told a legislative committee.

He strongly recommended overall recodification in a

single bill.

Aransas County Democratic Chairman Loa L. Bonner testified that out-of-date voter registration lists (containing names of dead persons and those who have moved elsewhere) are hampering the selection of juries.

Church Marks Anniversary Here Oct. 13

Bishop Stephen A. Leven, Bishop of the San Angelo Diocese, attended Celebrations at The Ranchito Church, Hamlin Sunday, Oct. 13, to commemorate the founding of the church 50 years ago.

The Sacred Heart Church, The Ranchito, is in the Round Top community between Hamlin and Rotan.

The Celebrations were organized by Rev. Fr. J. Hoorman C.P.P.S. of Rotan who celebrates Holy Mass weekly at the Church and the descendants of the three families who donated the land and contributed to the building of the original Church.

Mrs. Francisca Flores, 83-year-old wife of Yrinea Flores, one of the Flores Families who founded the Church, was crowned Queen of the Festivities.

Dario Flores, son of another founder, Juan Flores, headed the program committee.

Mike Lopez and Mrs. Tony Martinez represented the third founder, Cornelio Lopez.

Fr. Leo Diersing of Coleman was one of the celebrants of the Mass. Fr. Diersing is a former pastor of the Mission. Only a small fraction of the worshippers present were able to enter the Church.

A catered meal was served after the services at the Holy Trinity Parish Hall in Hamlin. Over 500 attended.

Festivities moved later to the Jaycee Community Building where music, song and dance continued until 11 p.m.

CELEBRATE 50TH ANNIVERSARY OF CHURCH—Mrs. Francisca Flores, center front, was crowned Queen of the Festivities at a special service Sunday commemorating the founding of the Sacred Heart Church, The Ranchito, 50 years ago. Others taking part in the program are pictured, from left, Anita Corillo, Father Leo Diersing, Bishop Stephen Leven, Domingo Flores, Father Steven White (in back) and Father John Hoorman.

Oak Grove Holds Early Service Here

"The harvest is plenteous but the labourers are few," was the theme for the early morning service Sunday at Oak Grove Baptist Church.

Highlight of the service was a special offering to be applied to the note on the church building.

Henry Bussey and Bill Cork Sr. led the devotional which opened the 7 a.m. service. Matthew Lyles gave the prayer. Taking part on the program were Beatrice Curry, Andrew Sparks, Mary E. Esco, Bill Cork, Louberta Maxwell and Gertrude Bass.

The Rev. Leo Scott, pastor, was the speaker and pronounced the benediction.

Breakfast was served in Fellowship Hall after the service.

P-TA Awards Citizenship Certificates

This year the Parent-Teachers Association is emphasizing the merits of good citizenship by recognizing those students who display the qualities that a good citizen should have.

The student's attitude toward school, respect for teachers and classmates, friendliness, and helpfulness are qualities considered by the teachers in choosing each month's citizen.

A certificate is presented and a picture will be displayed in the primary and elementary buildings. The October citizens of the month are: Kindergarten—Cindy Carter, daughter of Mr. and Mrs. Henry F. Carter; First Grade—Susan Waldrop, daughter of Mr. and Mrs. Johnny Waldrop; Second Grade—Sara Zendejo, daughter of Mr. and Mrs. Ramon Zendejo; Third

Grade—Brian Crowley, son of Mr. and Mrs. James Crowley; Fourth Grade—Jeff Merket, son of Mr. and Mrs. Russell Merket; Fifth Grade—Teresa Gregory, daughter of Mr. and Mrs. Don Gregory.

General Election

Last year 3,100 people stayed at the beach. Permanently.

Of course they all drowned. But then, another 55,600 Americans were killed in motor-vehicle accidents. And 17,600 died from falling. Fire claimed another 6,300 lives. The figures go on and on. But maybe you get the point. Don't let us hear about you by accident.

National Safety Council

If you don't like thinking about safety, think where you'd be without it.

A reminder from the National Safety Council. A non-profit, non-governmental public service organization. Our only goal is a safer America.

Neinda Philosopher Comes Up With Another Idea To Fight Shortages

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One continues to wage war on the economic situation, in his own fashion.

Dear editor:

In the on-going drive to conserve energy and fight inflation the head of a large commercial fertilizer company has suggested that people not fertilize their lawns next year and thus save an incalculable amount of tonnage for the farmers who are facing a fertilizer-shortage plus a shortage of money to pay for the high-priced stuff. Food, he suggested, should come before a pretty lawn, until we get the economic problems whipped.

This is another of those stop-gap proposals, like driving 55 miles an hour when you had to wait in line to get gas but now forgotten about unless there's a cop in the vicinity.

Even if you saved a lot of lawn fertilizer, grass will still grow when it rains and have

you ever stopped to think how much gasoline is being burned when 20 million lawnmowers across this land are all running at the same time? I estimate enough gas is used to keep lawns mowed in one summer to allow four times as many more people to drive to football games in the fall.

Thinking about this problem, I at first came up with the idea that nobody should trim his lawn any shorter than his son's hair, but I don't think lawn-lovers will go for it. You might not be able to do anything about your son, but by gum you've still got control of your lawn.

No. The answer is to hold back a few million dollars from Turkey and Greece and let them fight each other with what they've got on hand for a while isn't the idea anyway to make-do with what you've got these days? — and turn the money over to some scientists with instructions to develop a lawn grass that won't grow any taller than two inches. It shouldn't be such a tough assignment. After all, left alone lawn

grass won't grow over a foot or two, maybe three in some instances, but it's a scientific fact it won't grow upward forever, it has a stopping point, and all the scientists have to do is lower that point to two inches and we've got the problem of wasted lawnmower gasoline licked. How you like that, Sheik?

Naturally this will deal a blow to the people who make and sell lawnmowers but they'll just have to turn to something else, maybe say coming up with an appliance that'll play out twice as fast as the ones we've got now. I believe it can be done.

Yours faithfully,
J. A.

Ray Farabee Campaigns In Hamlin

Ray Farabee, Democratic nominee for the Texas Senate, brought his campaign to Hamlin Saturday. He visited with citizens in the town area.

Inflation and the problems of farmers and ranchers are the topics citizens most often want to talk about when they talk with Farabee on the street he reports. Farabee campaigned in 24 communities last week.

Accompanied by his Hamlin coordinator, John Scarborough, the 41 year old businessman and attorney visited the Pied Piper Mill and the Farmers Co-op Gin while in Hamlin.

A life long Democrat, Farabee is a strong advocate of common sense solutions to problem solving without over regulation by state and federal government.

"Too often our tax dollars are supporting large bureaucracies rather than reaching the citizens that need the services these dollars are intended to provide" observed Farabee.

From Hamlin the candidate went to Haskell, Rotan and Knox City. On Saturday night he spoke to the Farmers Union Banquet in Crowell on Rural Development.
